

## 2016 Market Friends Program

Hello Loyal Market Shoppers,

Thank you for shopping at the Morton Grove Farmers' Market. Because of wonderful neighbors and customers like you, our Market's 7th year is underway.

Although we run a tight ship and keep our expenses low, there are costs to operating a successful Farmers' Market. The Park District and Village generously allow us use of their land, but we must still rent things like portable toilets and Indoor Market space.

We also must replace things like sheds, tents, tables, and extension cords, as well as purchase banners, lawn signs, posters, and flyers.

Fees from vendors and business sponsors only cover some of our costs. To make ends meet, we ask residents and patrons to become Market Friends. For a modest fee, you can add your name to the Market Friends list and/or get a green 2016 Market Friends reusable metal water bottle.

For \$15-24, you receive,

- Your name listed on a Market Friends sponsor page on our website
- Your name listed in a special Market Friends display at the Farmers' Market

For \$25-49, you receive,

- Your name listed on a Market Friends sponsor page on our website
- Your name listed in a special Market Friends display at the Farmers' Market
- ONE Market Friends reusable metal water bottle

For \$50 or more, you receive,

- Your name listed on a Market Friends sponsor page on our website
- Your name listed in a special Market Friends display at the Farmers' Market
- TWO Market Friends reusable metal water bottles

If you prefer not to list your name in our publicity, we will respect your privacy. In-kind donations are accepted on a case-by-case basis due to our limited storage space. We would love volunteers to sign up to help on Market days with set up, clean up, the Welcome Booth, and the Kiddie Corner. Everyone is welcome to attend our Full Committee meetings, held approximately every other month. Watch for e-mail newsletters and our Facebook page for more information.

Market Friends applications will be accepted starting at the May 7th Spring Mother's Day Market. Market Friends reusable metal water bottles may be picked up at the Farmers' Market Welcome Booth any Saturday during Market hours (8 am - 12 pm) starting Opening Day, June 4th.

Thank you so much for all of your support. We'll see you at the Market!
